

Northern Technical University / Kirkuk Technical College / Computer Engineering Techniques Department

Personal information

Full name	Dr. Ann Zeki Ablahd
The scientific title	lecturer
employment position	Teaching
Department	Computer Engineering Technique
Branch	
E-mail	drann@ntu.edu.iq

Academic certificates:

University	Academic certificate	date of the certificate	Specialization	Country
MOSUL	Bachelors	1988	Computer Science	IRAQ
MOSUL	Master	2001	Computer Science	IRAQ
MOSUL	PHD	2013	Design software and Web Application	IRAQ

Teaching experience

Undergraduate	YES Teaching of Mosul Institute 1988-1993 Teaching of Kirkuk Institute 1993-2001 Teaching of Kirkuk Technical College 2001-2021
Postgraduate	Yes Discuss thesis of MSc, diploma of computer and Information Technology.

Research and scientific activity

Published research

1. "Design of a Testing Program for ELWE mpf ip MC" -27-8-1991 -Technical Magazine - Technical Education Authority.
2. Lock / Unlock multimedia card (MMC)" - 23-3-2008 Najaf Technical Conference "
3. " Using data mining algorithms for web spam detection" conference in Berlin, Germany July 2012.
4. "Building function within Mozilla for web spam Detection", 2012, Siberia
5. " Anew cryptography method based on hill & rail fence algorithms" 2016, Diyala Magazine.
6. "Design On Line learning education for software engineering department" 25 December 2015 International journal of advanced Computer technology IJACT
7. "On Line Learning System for Computer Science Department," Diyala Magazine For Engineering Sciences in the third issue 2017.
8. "Use Wiki for Building an On-Line Collaborative Learning. " Tikrit Engineering Journal-2018.
9. "Using Flask for SQLIA Detection and Protection" Tikrit Journal of Engineering Sciences, 2020.
10. Design of a Remote Control of Home Automation using Android Studio, Solid State Technology Volume: 63 Issue: 6 Publication Year: 2020
11. Authored and translated books:
 1. Binding for the technical institute operating systems article connector, 1991 which is the operating systems course of the Computer Technology Department - Technological Institute - Mosul
 2. LAP Lambert Academic Publishing "Web Spam Detection Using Data Mining" 2015.

Membership in scientific and professional societies and publishing houses

Research resident at:

- 1 .Kirkuk Journal, two researches 4-17-2017.
2. Research evaluation in a journal at the University of Sydney, Australia International Journal of Computer Science, Engineering and Applications (IJCSEA).
3. Research evaluation at a conference 10th International Conference on Computer Science, Engineering and A Applications (ICCSEA 2020) December 19 ~ 20, 2020, Sydney, Australia)

Scientific and research interests Java and Python language and uses for preparing web application.

Honors and Awards

Issued by	Title of Achievement
Kirkuk Municipality	Prepared project software
Kirkuk Sewage Department	Prepared study for hackers of Official accounts.
